Authorization for this examiner's amendment was given in a telephone interview with Christopher L. Bernard on February 22, 2007.

The application has been amended as follows:

In claim 1, line 15, - of said hub network element - has been inserted immediately after "said transceiver".

a clockwise transceiver and counter-clockwise transceiver when the transceiver of the hub network element is not operational providing 1:N protection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
